

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

Revision number	
Revision date	8 th October 2021
Supersedes date	
SDS number	SDS5068

SECTION 1: Identification of the substance/mixture and of the company/undertaking

- 1.1 Product Identifier
- | | |
|------------------------|---|
| Product name | Specialist Crafts Fabric Paint |
| Product Code(s) | FC075A0.. All Variants
FC075B0.. All Variants
FC076. All Variants |
| Other Details | As a paint to be used of fabrics. |
- 1.2 Relevant identified uses of the substance or mixture and uses advised against
- | | |
|-----------------------------|--|
| Uses advised against | All other uses. The textile paints have been developed and tested specially for this use and are not recommended to be used for any other application. |
|-----------------------------|--|
- 1.3 Details of the supplier of the safety data sheet
- | | |
|-----------------|---|
| Supplier | Specialist Crafts Ltd
Hamilton House
Mountain Road
Leicester
LE4 9HQ
United Kingdom

Email purchasing@specialistcrafts.com
Telephone +44 (0)116 269 7711 |
|-----------------|---|
- 1.4 Emergency telephone number
- | | |
|----------------------------|--|
| Emergency telephone | +44 (0)116 269 7711
This telephone number is available during office hours only, 09:00 to 17:00 GMT, Monday to Friday, excluding UK bank holidays and weekends.
Language English |
|----------------------------|--|

SECTION 2: Hazards Identification

- 2.1 Classification of the substance or mixture
- | | |
|-----------------------|--|
| Classification | 2.1.1 Classification according to Regulation (EC) No. 1272/2008 (CLP)

This product does not meet the criteria for classification in any hazard class according to Regulation (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures. However, a safety data sheet is being supplied for it on request.

2.1.2 Classification according to Directive 1999/45/EC |
|-----------------------|--|

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

Physical Hazards	This product does not meet the criteria for classification in accordance with Directive 1999/45/EC. Information on the substances in the mixtures is provided under Subsection 3.2.
Health Hazards	No further information.
Environmental Hazards	No further information.
2.2 Label Elements	
Hazard Statements	The product does not require labelling according to Regulation (EC) No. 1272/2008 (CLP)
Signal Word	No further information.
EU Specific Hazard Statements	No further information.
Precautionary Statements	No further information.
Other information	No further information.
2.3 Other Hazards	
Other Hazards	No further information.

SECTION 3: Composition/information on ingredients

3.1 Substances	
Substances	No further information.
3.2 Mixtures	
Mixtures	The product does not meet the criteria for classification in accordance with Directive No. 1999/45/EC where substances present in an individual concentration equal to or greater than the following concentrations shall be indicated, together with their concentrations or concentration range: a) 1% by weight in non-gaseous mixtures.

SECTION 4: First Aid Measures

4.1 Description of first aid measures	
General Advice	In all cases of doubt or concern seek medical attention. Self-protection of the first aider No additional measures.
Inhalation	Remove to fresh air.
Skin Contact	Wash affected area with water. Remove and wash contaminated clothing before re-use. Seek medical advice if there is irritation.
Eye Contact	Rinse immediately with plenty of clean water, holding the eyelids open for at least 10 minutes. If irritation persists, seek medical attention.

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

Ingestion	Rinse out the mouth with plenty of water and give water to drink. If the quantity is significant, or the subject feels unwell seek medical attention. Do not induce vomiting.
4.2 Most important symptoms and effects, both acute and delayed	
General Advice	Information on the products component indicates no acute or delayed symptoms are to be expected.
Symptoms	No further information.
Effects	No further information.
4.3 Indication of any immediate medical attention and special treatment needed	
Notes for the doctor	No special treatment needed.
Specific Treatments	No further information.

SECTION 5: Fire Fighting Measures

5.1 Extinguishing Media	
Suitable Extinguishing Media	Water spray. Powder, foam or carbon dioxide.
Unsuitable Extinguishing Media	High volume water jet.
5.2 Specific Hazards arising from the substance or mixture	
Specific Hazards arising from the chemical	Harmful fumes may be formed on combustion of the product.
Hazardous combustion products	No further information.
5.3 Advice for fire fighters	
Protective actions during firefighting	No further information.
Special protective equipment for fire fighters	Wear self-contained breathing apparatus, avoid rejection of extinguishing water into the environment.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures	
Personal precautions	In the case of a significant spillage remove all those not involved in the clean-up from the vicinity. Wear rubber / PVC gloves. Spillages will be slippery: take care.
Other information	No further information.
For emergency responders	No further information.
6.2 Environmental precautions	
Environmental precautions	Keep away from drains, surface and groundwater.

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

6.3	Methods and material for containment and cleaning up	
	Methods of containment	If the spillage is large transfer the product into buckets or drums using brushes and shovels. For small amounts of spilt product, the majority should be soaked up with paper towel and the balanced wiped up with damp cloths.
	Methods of cleaning up	See above.
6.4	Reference to other sections	
	Reference to other sections	See section 13 for disposal of spillages / residues from spillages.

SECTION 7: Handling and Storage

7.1	Precautions for safe handling	
	Advice on safe handling	Take care to avoid spills. Do not eat and drink when using the product.
	General hygiene considerations	Wash hands after use and remove any items of contaminated clothing.
7.2	Conditions for safe storage, including and incompatibilities	
	Storage conditions	Store the product in its original container between 5 - 25 °C.
	Storage Class	No further information
7.3	Specific End Use(s)	
	Risk management methods	No further information.
	Other information	No further information.

SECTION 8: Exposure controls/personal protection

8.1	Control parameters	
	Workplace exposure limits	Information on the product and its components indicates that this is not applicable.
8.2	Exposure controls	
	Protective equipment	Aprons or old clothes.
	Appropriate engineering controls	No further information.
	Eye/Face Protection	Not required.
	Hand protection	Gloves only if contact repeated and / or prolonged.
	Respiratory Protection	No further information.
	Environmental Exposure Controls	No further information.

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance	Coloured liquid.
Odour	Slightly sweet.
Odour threshold	Not applicable.
pH	Between 7 – 9.
Melting/freezing point	0 °C (value given for water component).
Initial boiling point and boiling range	100 °C (value given for water component).
Flash point	Not applicable.
Evaporation rate	As water.
Flammability (solid; gas)	Not applicable.
Upper/lower flammability or explosive limits	Not applicable.
Vapour pressure	18mm/Hg at 25 °C (value given for water component).
Vapour density	Not known.
Relative density	1.0 – 1.1g/ml at 20 °C.
Solubility(ies)	In Water: Complete.
Partition coefficient	No information available.
Auto-ignition temperature	>200 °C.
Decomposition temperature	>150 °C
Viscosity	No specific information available.
Explosive properties	Not applicable.
Oxidising properties	No information available.

9.2 Other information

Other information	No further information.
--------------------------	-------------------------

SECTION 10: Exposure controls/personal protection

10.1 Stability and Reactivity

Stability and reactivity	No known hazardous reactions in usual handling.
---------------------------------	---

10.2 Chemical Stability

Chemical Stability	Under storage at normal ambient (5-25 °C) the product is stable.
---------------------------	--

10.3 Possibility of hazardous reactions

Possibility of hazardous reactions	No known hazardous reactions in usual handling.
---	---

10.4 Conditions to avoid

Conditions to avoid	None anticipated during usual handling. (See section 7).
----------------------------	--

10.5 Incompatible materials

Incompatible materials	None anticipated during normal handling and use. Avoid contact with other materials particularly acids, alkali's and strong oxidising agents.
-------------------------------	---

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

10.6 Hazardous decomposition products

Hazardous decomposition products

The product does not decompose when used for its intended uses.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity

The product has not been tested for its health effects as a whole, appropriate information on relevant substances listed under section 3 would usually be provided, however in this case there are no substances required to be listed under section 3.

Skin corrosion/irritation

No further information.

Serious eye damage/irritation

No further information.

Skin sensitisation

No further information.

Respiratory sensitisation

No further information.

Germ cell mutagenicity

No further information.

Carcinogenicity

No further information.

Reproductive toxicity

No further information.

Aspiration hazard

No further information.

Specific Target Organ Toxicity (Single and Repeated Exposure)

STOT - single exposure

No further information.

STOT - repeated exposure

No further information.

Information on likely routes of exposure

Inhalation

No further information.

Skin contact

No further information.

Eye contact

No further information.

Ingestion

No further information.

Symptoms related to the physical, chemical and toxicological characteristics

Symptoms related to the physical, chemical and toxicological characteristics

No further information.

SECTION 12: Ecological information

12.1 Toxicity

No further information.

12.2 Persistence and degradability Persistence and degradability

No further information.

12.3 Bioaccumulative potential Bioaccumulative potential

No further information.

12.4 Mobility in soil Mobility in soil

No further information.

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

12.5	Results of PBT and vPvB assessment Results of PBT and vPvB assessment	No further information.
12.6	Other adverse effects Other adverse effects	There is no specific information available for the product. From information on its components, we do not consider it to present a significant ecological hazard as supplied.

SECTION 13: Disposal Conditions

13.1	General Information General Information	No further information.
13.2	Disposal Methods Disposal Methods	Waste product should not be discharged into drains or waterways without treatment. Disposal of product and packaging should always comply with local and national regulations.
13.3	Waste Class Waste Class	No waste code number available.

SECTION 14: Transport Information

General Information

Generally for limited quantity packaging/limited load information, consult the relevant modal documentation using the data shown in this section.

Road transport notes refer to the Dangerous Goods List for information on any Special Provisions 216.

Sea transport notes refer to the Dangerous Goods List for information on any Special Provisions 216.

Air transport notes refer to the Dangerous Goods List for information on any Special Provisions A46.

14.1	UN Number UN No. (ADR/RID)	This product does not meet the requirement for classification as dangerous for transport by road, rail, inland waterway, sea or air. However as with all chemical-based products it must, when being transported, be handled in a manner that minimises the risk of damage and leakage from the packages.
	UN No. (IMDG)	
	UN No. (IATA)	
	UN No. (ADN)	

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

14.2	UN proper shipping name UN Proper shipping name (ADR/RID) UN Proper Shipping Name (IMDG) UN Proper Shipping Name (IATA) UN Proper Shipping Name (ADN)	Not classified.
14.3	Transport Hazard Class(es) ADR/RID class ADR/RID classification code ADR/RID label IMDG class 4.1 ICAO class/division ADN class Transport labels	Not classified.
14.4	Packing Group ADR/RID Packing Group IMDG Packing Group IATA Packing Group ADN Packing Group	Not classified.
14.5	Environmental Hazards Environmentally hazardous substance/marine pollutant Other Environmental Hazards	Not classified.
14.6	Special Precautions for User General Special Precautions EmS ADR transport category Emergency Action Code Hazard Identification Number Tunnel Restriction Code	Not classified.
14.7	Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code	Not classified.

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

SECTION 15: Regulatory information

- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

National Regulations

If other regulatory information applies that is not already provided elsewhere in this safety data sheet, then it is described in this subsection.

The data should be considered when making any assessment under the Control of Substances Hazardous to Health Regulations (COSHH), and related guidance, for example, 'COSHH Essentials' (United Kingdom).

This product does not contain any persistent organic pollutants, as defined in EC regulation No. 850/2004, or any ozone depleting substances, as defined in EC regulation No.

2037/2000, nor is it subject to the provisions of Regulation (EC) No. 689/2008 concerning the import and export of dangerous chemicals. This product does not contain any substance which is a named Seveso substance nor is it in a Seveso category.

EU Regulations

Article 2 of the Safety of Toys Directive 2009/48/EC defines toys as products "designed or intended, whether or not exclusively, for use in play by children under 14 years of age". To ensure compliance the product is independently tested.

- 15.2 Chemical Safety Assessment
Chemical Safety Assessments have been carried out by the Reach registrants for substances registered at >10 tpa.

Chemical Safety Assessment

No further information.

SECTION 16: Other information

- 16.1 Hazard statements in full

This safety data sheet is based upon the current state of our knowledge and supersedes all previous versions.

- 16.2 Disclaimer

The information presented herein is believed to be accurate, but is not warranted to be, whether originating with the company or not. Recipients are advised to confirm, in advance of need, that the information is current, applicable, and suitable to their circumstances.

- 16.3 Revisions

Please note the revision information on page 1 of this document, indicating the last revision date of this data, the revision number and the date this revision supersedes

SAFETY DATA SHEET

According to regulation (EC) n°1272/2008 with Directive 1999/45/EC.

16.4 References

Suppliers and manufacturers safety data sheets

16.5 Abbreviations and acronyms

Please contact us, in advance of need, should you require clarification of common abbreviations or acronyms used in this safety data sheet
